AMERICANS
KILLED IN
CAMP RIOT

(By Associated Press)
LONDON, April 29.—Three Americans were killed and 30 injured at the Winchester repatriation camp last night in fighting with a South African negro soldier, according to an Exchange Telegraph dispatch. The feeling between Americans and Africans has been strong. The blacks, armed with sticks, attacked the Americans last night. British troops quelled the disturbance.

WILSON TALKS
WITH JAPANESE

(By Associated Press)
PARIS, April 29.—President Wilson today received Baron Makino, head of the Japanese mission, and Viscount Chinda. Presumably they discussed the question of Kiao Chau. They conferred for nearly an hour. The council of three received a committee of the Belgian cabinet on the question of indemnities.

MILITARY CORDON THROWN
AROUND REBEL CITY

(By Associated Press)
PARIS, April 29.—German government troops have completely encircled Munich, according to German dispatches, by the occupation of Dushut, 35 miles northeast.

(By Associated Press)
SAN FRANCISCO, Cal., April 29.—Calistoga was awarded an honor flag today as the one of the first California towns to go over the top in the Victory loan.

RENO MEN BUY
AMALGAMATED

L. H. Bartholomew, of Mineral county, has closed a deal by which he enters into possession of the Amalgamated group adjoining the Giants on the northeast and the North Divide on the northwest. The transfer was made by Con. Fredericks and John Gillen. The acreage will be placed in Reno and in conjunction with the Mammoth mine holdings in Mineral county. The latter property is situated west of Walker lake and is reached by way of Yerington. The Mammoth is said to have exposed a large body of gold, milling ore which can be treated successfully by the cyanide process. The latter company proposes to install a 750-foot aerial tramway to bring the ore from the mine in the steep hills of the range to the mill site on the banks of Lapham Creek where there is an ample flow of unappropriated water to furnish all that is needed. Mr. Bartholomew recently took over the Just In group located near the Ben Hur which he placed in Reno with a company called the National Divide, organized by A. Grant Miller, A. A. Smith and H. D. Danforth.

CRASH IN HOGS
SMASHES PRICES

(By Associated Press)
CHICAGO, April 29.—The long threatened free movement of corn and hogs from rural sources was largely responsible for the tremendous rush to sell which carried corn 9 1/2 to 11 1/2 cents below yesterday's close. Pork dropped \$1.30 a barrel. The federal wheat directors' announcement that all import restrictions on foreign wheat flour would be removed, if necessary, served to accelerate the decline.

YOKOHAMA FIRE
WORST IN EAST

(By Associated Press)
YOKOHAMA, April 29.—It is estimated that yesterday's fire loss was approximately \$7,500,000. Thousands of residents were left homeless. Two were killed, 39 injured and 66 blocks of the Japanese quarter burned. This was the most disastrous conflagration in the history of Yokohama.

AIRPLANE RACE
PUT OFF AGAIN

(By Associated Press)
ST. JOHNS, April 29.—The fickle weather of Newfoundland upset early this morning the plans to start the trans-Atlantic airplane race. Mid-ocean condition were reported favorable but black clouds collected off shore and heavy rain began with no immediate indication that it would cease.

P. O. BUSINESS
HAS DOUBLED

Post office business has doubled in the last two months with the result that the clerical staff has every minute occupied and work enough crowded over to the next day to occupy another clerk. Postmaster J. J. McQuillan has applied for more help but does not entertain any great hope of compliance. The remarkable part of the business is that it is in the sale of first class stamps and in the registry department that it shows principally with an absence of third class matter which would carry promotion circulars and other publicity stuff showing that the newly organized companies do not have to boost their wares to secure subscriptions.

The heaviest part of the business is handled by the back door through which the office disposes of the vast amount of parcels post business which is coming in almost by cartloads. Included in the shipments recently was a quantity of shovels, drill steel, ore buckets, picks and machine parts. A lot of this originates in the southern end of the state and at old mining camps where the owners are unloading what may be used by operators in this section. These goods come in packages of 70 pounds each add furnish some dividends for the only male clerk in the office who has to juggle with the heavyweights throughout the day. For some reason grocery houses have been using the parcel post service for delivering canned milk which goes through the office at the rate of 60 to 80 cases daily. Boxes cannot be had at any price, as every one of the 1240 boxes are in use and newcomers must make some other provision for receiving their mail which now goes through the general delivery.

♦ NO STEEL DIVIDEND ♦
(By Associated Press)
NEW YORK, April 29.—United States Steel directors today omitted the declaration of the extra quarterly dividend on common stock.

LEAGUE OF NATIONS
RECOGNIZES WELFARE
ALL WAGE EARNERS

(By Associated Press)
WASHINGTON, D. C., April 29.—Clauses proposed by the commission on international labor legislation adopted yesterday by the peace conference in plenary session, included a standard eight hour day, weekly day of rest, abolition of child labor, equality of pay for men and women, workmen's "right of association for all lawful purposes."

SILENCE URGED
ON THE G. O. P.

(By Associated Press)
WASHINGTON, D. C., April 29.—Senators Lodge and Curtis, Republicans, telegraphed all Republican senators asking that public expressions of opinion on the league of nations covenant be withheld until a Republican conference could decide what attitude it should adopt.

FOREIGN TRADE
FUTURE ISSUE

(By Associated Press)
ST. LOUIS, April 29.—Speakers at the trade convention of the United States chamber of commerce declared foreign trade and transportation will be the most important factors in America's future prosperity and should be given the closest study by the public. George Edward Smith, president of the American Manufacturers' Export Association, said foreign trade was more than an opportunity and "represents a responsibility we cannot shirk."

PANIC PREVAILS
AROUND MUNICH

(By Associated Press)
LONDON, April 29.—A Berlin dispatch says a panic prevailed in Munich Monday when government troops began to march on the Bavarian capital. Three members of the Communist government resigned.

BELMONT BOY
BACK FROM WAR

E. H. Hughes, one of the three Belmont brothers who went over seas from Nevada returned home last Saturday via Tonopah and was taken out home by the courtesy of Joe Noy who placed his car at the disposal of the boy. The lad fought with the 448th Field Artillery, as part of the 91st Division and went over the top in several big battles closing with the final engagement on the morning of which the armistice took effect. Notwithstanding his exposure young Hughes escaped without a scratch and returns filled with stories of the campaign that make interesting reading.

The hardest deal his battery experienced was on the occasion of the visit of President Wilson to France when he landed at Brest and the troops including the 448th artillery were kept standing six hours in the rain in thin blouses without being allowed to wear rain coats.

WALKOUT MAY
DELAY TREATY

(By Associated Press)
PARIS, April 29.—Because of a 24 hour strike planned for May 1, especially affecting transportation, communications, some doubt is expressed whether the peace terms will be presented to the Germans then as arranged. Postponement until Friday is probable.

PAGE PRESENTS
FINAL REGRETS

(By Associated Press)
ROME, April 29.—American Ambassador Page visited Premier Orlando yesterday. The ambassador expressed regret at the situation which had arisen during a friendly conversation. Mr. Page said he thought the situation was aggravated by the Italian newspaper criticism based on a wrong interpretation of President Wilson's attitude.

VICTORY FIRST
BEFORE TRADING

By unanimous consent of the Board of Trade, Stock Exchange and other centers of speculation orders for buying stocks of all classes are related to the background with the idea of doing nothing to interfere with the success of the Victory loan. It is estimated that this state of affairs will last for another week after which the full quota will have been subscribed and the way paved for the peace treaty which should start the whole world on a phenomenal spurt of prosperity. The peace treaty is what Europe has been waiting for and the adjustment of reparation and punitive damages from the central powers will serve to incite the greatest buying boom known here and in Europe for ages. The transactions on the San Francisco Stock Exchange today amounted to 360,800 shares with Rescue-Eula playing the only star part in the performance, going from 9 bid at Monday's close to 14 strong this morning. Nothing is known for the buying action which came from the coast and is supposed to have originated with the controlling interest in San Francisco.

Among the Divide stocks the big one was steady at \$10.40 and Hasbrouck held firm at \$10.55, while Gold Zone held tight around \$12.75. Dividend was stronger, opening at 46 and closing at 51 on reports that outside interests were after control. Broucher opened at \$1.80 and closed at \$1.70. Belcher Ex. which has been held in the background ever since the stock was promoted, displayed strong running qualities by selling at 21. Gold Reef went from 65 to 74 and Revert surprised its friends by sliding from 50 to 9. The chief transactions were as follows:

Hasbrouck	2,700
Dividend	11,500
Silver King	19,000
Revert	9,000
Junior	22,000
Annex	8,500
Royal	9,000

♦ SAVED BY REFEREE ♦
(By Associated Press)
NEWARK, N. J., April 29.—Willie Ritchie was saved from a knockout last evening at the hands of Benny Leonard, lightweight champion, before the end of the eighth round when the match was stopped to save Ritchie.

WETS LOSE
MOTION ON
TEST CASE

(By Associated Press)
SALEM, Ore., April 29.—The right of the Oregon and California liquor interests to have the Oregon legislative action ratifying the prohibition amendment (to the national constitution) referred to a vote of the people was lost in the Oregon supreme court today. The court sustained the attorney general's demurrer to a mandamus action to force the attorney general to draft a ballot title for a referendum measure on the legislative ratification of the act.

TROOPS CALLED
OUT BY STRIKE

(By Associated Press)
LINTON, Ind., April 29.—Martial law was put into effect today following trouble attending a strike of telephone workers. State troops are patrolling the streets aided by the local police. No violence since the mob formed last night was dispersed.

BUSY BURGLARS
SWELL LOSSES

(By Associated Press)
CHICAGO, April 29.—It was announced today that burglary insurance rates would advance May 1. This applies to banks, hold up risks and a number of mercantile classifications, but not to residences. It is claimed this action is necessary because of increased bank robberies, payroll holdups and robberies of fur and silk stores.

SPENDING OTHER
PEOPLE'S MONEY

(By Associated Press)
SACRAMENTO, Cal., April 29.—The 43rd California legislature passed bills carrying appropriations totaling \$13,149,000 in excess of the combined surplus and estimated revenue of the state for the next two years. Controller Chambers announced today.

Another sad thing about conditions there are never enough squirrels for the nuts.
